IT WITH A CLEAR VISION

Company Short Profile

www.ilume.de

ILUM:E INFORMATIK AG

ilum:e is a consulting company specializing in system integration, software sales and the recruiting and placing of IT professionals.

ilum:e plans and designs your IT projects and accompanies your business when integrating standard software into existing application landscapes. We also develop individual interactive software solutions for intranet and internet.

ilum:e consults with its clients on all questions concerning the purchase of market-leading software products and provides experienced IT professionals depending on our customer's individual needs.

ilum:e has been successfully on the market since 2000 and currently employs more than 50 permanent IT professionals. Our customers benefit from the knowledge and experience of our certified consultants as well as from a large network of IT freelancers.
